# Pine Mountain State Resort Park

Pine Mountain State Resort Park is a destination for all seasons. The first Kentucky State Park, created in 1924, is located in the heart of the Kentucky Ridge State Forest in the southeastern mountains. The setting of this modern resort features some of the most beautiful mountain scenery in Kentucky!

## Herndon J. Evans Lodge

Pine Mountain is not only one of Kentucky's most scenic parks, but also a very modern resort with a hint of a historic past. The upper lobby of the lodge was built in the 1930's by the Civilian Conservation Corps (CCC), a federally-funded program designed to put young men to work during the years of the Great Depression. The passage of time has not diminished the beauty and workmanship of the original sandstone and chestnut log construction. Each of the 30 guest rooms features full amenities and a private balcony or patio from which to enjoy the mountain view. The gift shop highlights Kentucky artisans and handcrafts. Rooms available by late afternoon, check-out by noon, Eastern Time.

## Cottages

Enjoy rustic charm in one or two-bedroom cottages. The nine one-bedroom log cabins have stone fireplaces and private decks. The eleven two-bedroom cottages have porches or decks surrounded by woodland settings. Tableware, cooking utensils and linens are provided with fresh linen available daily. Cottages available by late afternoon, check out by 11 am.
